ANNUAL MEETING EVENTS Oct 11-13
Attend the 46th Annual Meeting of Shareholders, visit with old friends, and be entertained with the Qagan Tayagungin Dance Group.

MESSAGE FROM THE PRESIDENT/CEO

Thomas Mack, President/CEO

I hope everyone had a successful summer of fishing, hunting, harvesting and doing what you love. I enjoyed visiting the Aleut Region and conducting shareholder informational meetings during the month of July. While visiting our communities, the feedback from our shareholders and descendants is that they are very satisfied with the direction the Company is going. We had great turnouts at the meetings with healthy, open and honest conversations. The main concern for shareholders was the low fishing returns in the Aleut Region. The Aleut Corporation recognizes the importance of fisheries for the residents and our shareholders and that fisheries are a vital part of our region. We continue to work with our Fisheries Committee, our Alaska Delegation, the Alaska Department of Fish and Game, Aleutians East Borough and the US Fish and Wildlife Service advocating for our communities.

Fiscal year 2018 was another great year for the Aleut Corporation. Total revenues of \$252.2M and net income before taxes and noncontrolling interest of \$16.2M exceeded both budget and prior year results. The audit is complete, and you have received the annual report which shows that our operating companies continue to have strong performance and investments and 7(i)

distributions exceeded the prior year and amounts. You will also see that we have a \$103.7M provision for income taxes, which is a great thing for our corporation. Please make sure you read the insert for deferred tax asset and correlating provision for income taxes included in your annual report and proxy packet materials you received. This year we have increased shareholder dividends to \$10 per share and elder benefits to \$1,000 per eligible shareholder. We are proud of our continued growth and excited for the future of the Aleut Corporation.

The Aleut Corporation's 2018 Summer Internship Program was a success and provided eight interns the opportunity to gain valuable work experience in Anchorage, King Cove, Sand Point and St. Paul. Interns had the opportunity to develop skills in the following areas: office administration, finance, QuickBooks, audit preparation, scholarship programs, Unangam Tunuu language revitalization, and assisting with planning community events. One of our interns even transitioned to employment with TAC. We also had our first Youth Educational Incentives awarded to some amazing students in our Region. I'm proud of our youth and the Aleut Corporation's ability to

recognize students for good grades and attendance.

It is hard to believe it is already time to prepare for the winter months and the 46th Annual Meeting of Shareholders, but the shorter days and cooler temperatures signify that summer is coming to an end. Please check out the annual meeting events provided in this issue. I look forward to seeing you and your family at these events again this year. On behalf of the Aleut Corporation leadership team, our subsidiaries and our employees, thank you for the opportunity to serve you, our shareholders.

Warmest Regards,

Thomas Mack

Thomas Mack
President/CEO

CHAIR REPORT

Sharon Guenther Lind, Chairman

Greetings Shareholders,

The Aleut people are world renowned for their intricate design of the iqyak (kayak). These lightweight vessels gave the Aleut men the speed and agility they needed to subsist the bountiful harvest of the Aleutians. The iqyak was key to the livelihood of the Aleut people. Combined with the atlatl, Aleuts were able to provide for their families and flourish. Navigating the treacherous Bristol Bay or Kodiak Archipelago is challenging for any seafaring vessel; our Aleut ancestors did so in a iqyak! Navigating the Current, the theme of this year's annual meeting, instills a vision of our ancestors traveling from place-to-place on their iqyak, both taking care of and defending their own.

By Navigating the Current of today's global economy, the Aleut Corporation Board of Directors continues to adapt, change, and build avenues for our shareholders. Whether that be in the form of a postsecondary educational scholarship, a dividend, an elders' benefit, jobs or even burial assistance, your board continues to support programs in areas where our people have need. We also strive to preserve our culture through the promotion and support of language programs, travel stipends, culture camps and shareholder gatherings. This all is made possible through the success of the decisions being made inside the boardroom. The board's most recent decision of setting the goal of attaining \$350 million in revenue and \$25 million in net income by 2022 and adopting an acquisition philosophy designed for responsible growth will make even more possible for our people as we continue to navigate in today's currents.

The Board of Directors looks forward to seeing our shareholders at this year's annual meeting: "Navigating the Current." Please be sure to vote before the deadline and join us as we gather this October in Anchorage, Alaska. On behalf of the Board of Directors, thank you and hope to see you in October.

Sincerely,

Sharon Lind

VOTE ONLINE

[HTTP://WWW.ALEUTVOTE.COM](http://WWW.ALEUTVOTE.COM)
 Your login credentials were printed on your paper proxy. If you need your PIN number to vote, please call Sramek Hightower at (907) 677-3320 and leave your name and contact information. The Aleut Corporation office does not have any shareholder PIN numbers.

YOUTH EDUCATION INCENTIVE

This spring we kicked off our Youth Educational Incentive Program with our first Cash for Good Grades and Attendance for the school Spring 2018 semester. Shareholders and descendants in 7th-12th grade had 2 chances to be entered to win \$100 in the (1) Aleut Region, (2) Alaska, and (3) Out of State: Excellent GPA (3.5 GPA or above), and/or Outstanding Attendance (90% attendance). Congratulations to our winners for the Spring 2018 semester:

• OUTSTANDING ATTENDANCE

- o (1) Monica Yatchmeneff, King Cove, AK
- o (2) Safire Anderson, Anchorage, AK
- o (3) Domenic Pallotta, Concord, CA

• EXCELLENT GPA

- o (1) Mariah McCallum, King Cove, AK
- o (2) Hayden Kuzakin, Juneau, AK
- o (3) Logan Dushkin, Cloquet, MN

We want to wish all the students an excellent school year! Keep up the great work!

LEARN MORE ABOUT PROP 1

We understand the need to ensure that salmon are available for future generations as our Region and our people have long relied on salmon. Ballot Measure 1 would replace our current science-based permitting system with new, unproven regulations which would impact virtually any type of project in Alaska such as roads, airports, and running water for our communities. The State of Alaska already has a very stringent permitting system for projects that could impact water, to ensure that our drinking water is safe and that our salmon are protected. Ballot Measure 1 poses a threat to Alaska's communities, our jobs and the Alaska way of life. This ballot measure would have a negative impact to Alaskans resulting in an increase in costs for public infrastructure projects, lost jobs as major sectors of Alaska's economy suffer, restricted land use for Alaskans, threats to existing and new development projects, and challenges to the rights of Alaska Native Corporations to determine how we develop our land and resources. Please get out to vote in November as this will impact our Region, communities and shareholders.

SHAREHOLDER SPOTLIGHT: GERTRUDE SVARNY

Gertrude Svarny grew up in Unalaska, until she was evacuated and interned during World War II, along with nearly 900 Unangax (Aleut) people of the Aleutian and Pribilof Islands. Their internment lasted years and those who survived and returned home, found their communities ransacked and burned. Svarny was featured in the documentary film, *The Aleut Story*. In it she comments, "We lost lots of elders. I think that's why our culture just stood still for a long time." In her younger years, Svarny painted but it wasn't until the age of 51 that she dedicated her life to her art. Although she is well-known primarily for her intricate ivory and soapstone sculptures, Svarny is also a well-respected bentwood artist and weaver.

Svarny's work is housed in numerous permanent collections. She has perpetuated Unangan art and culture through her work and teachings. In 2008, she received the Governor's Award for Native Arts. She has been a director of the Institute of Alaska Native Arts, a member of the Board of Regents of the Institute of American Indian Arts, and served for many years on the Aleutian Arts Council. She was instrumental in preserving Unangan culture classes in the Unalaska schools. She was also a culture bearer for Camp Qungaayux, Unalaska's annual culture camp, where she taught classes in Unangan weaving and design. In 2017 she was honored with a Distinguished Artist Award from the Rasmuson Foundation and received an Alaska Federation of Native President's award for her involvement in the arts. Today, Svarny lives in Unalaska, where she makes her artwork.

Svarny's artwork will be on display at the Anchorage Museum from September 7, 2018 through January 20, 2019.

TAC IN BUSINESS: SPACE SCHOOL

TAC BOD and Corporate Leadership Visit to Advanced Space Operations School

On August 23, 2018 the Aleut Corporation Board of Directors, President/CEO, and CFO visited the Advanced Space Operations School (ASOpS) at Peterson Air Force Base in Colorado where Aleut Management Services (a subsidiary of the Aleut Corporation) has a contract to perform work for the federal government. Board members had a fantastic tour of the school, learned about the school's mission, and Aleut Aerospace Engineering's role in helping the United States Air Force educate and train space operations specialists from all military services and allied nations' militaries.

The Aleut Program Manager provided an overview of the program and the contract. The project's Air Force customer gave the Board of Directors feedback on Aleut's performance and concluded by saying he had never worked with a contractor that was so motivated to go above and beyond to provide exceptional service.

The Board then was given a tour of classrooms, during which they received a short lesson in orbital mechanics which included an explanation of the different types of satellite orbits, what they are used for, and how satellites are launched into orbit. The Board also visited a satellite electronic warfare laboratory where they learned about how students are taught to detect and react to signal jamming.

Finally, the Board was shown how the distance learning team generates video used in online classes to prepare students for in-residence courses or meet training requirements without having to travel. Board members took turns standing in front a "green screen" to better understand what instructors do to support distance learning.

The Aleut Corporation Board of Directors greatly appreciated the chance to understand how Aleut is helping the United States Air Force provide such interesting and important education and training to our nation's space operators.

THE ALEUT FOUNDATION UPDATE SEPT 2018

By: Cynthia Lind, Executive Director

Aang! I hope everyone had a great summer. Fall is now upon us and we are focusing on the upcoming school year as well as the Aleut Village Conference, TAC Annual Meeting of Shareholders and AFN.

The Annual Aleut Picnic was held June 16th at The Aleut Corporation's office grounds. This was the fourth year the picnic was held on a Saturday. We were thrilled that over 400 people showed up and grateful to have beautiful weather again this year!!! The picnic was held in conjunction with the closing ceremony of the APIA Urban Unangax Culture Camp and everyone was treated to Aleut dances by the youth that attended the culture camp. A big thank you to all the volunteers who helped us make this picnic a success!

I am excited to report that The Aleut Foundation sponsored 52 people to attend culture camps this summer. This program continues to be very popular and it is hard to send everyone who requests to attend the camps. We had 30 individuals attend the APIA Urban Unganax Culture Camp, 9 attend the Qagan Tayagungin Sand Point Culture Camp, 4 attend Camp Qungaayux in Unalaska and 9 attend the King Cove Culture Camp.

I attended the PNAC Picnic at the end of August in Seattle and brought Aleut sweatshirts for the raffle donation. I met with our shareholders and descendants who had many questions about funding for post-secondary education and training as well as travel scholarships. Anna Stedman, TAF Vocational Scholarship Recipient, presented TAF with a cake she made using the culinary art skills she is acquiring at the Seattle Central Community College. Thank you, Anna, for the delicious and wonderful surprise! Thank you to Julie Murphy, Nicholas Huwe and everyone for their hard work in putting the picnic together!

The Aleut Foundation signed a Memorandum of Understanding with The Aleut Corporation (TAC) wherein both organizations can share shareholder/ descendant information. The Aleut Foundation is working with The Aleut Corporation as they implement a Talent Bank.

The 2018-2019 School Year Scholarships were awarded at the end of July and the Foundation staff has been extremely busy getting the award letters and scholarship checks out. The TAF Board of Directors increased funding levels for all scholarships. TAF awarded 154 scholarships in the amount of \$763,500 for the 2018-2019 School Year!

ALEUT VILLAGE CONFERENCE RESOLUTIONS

In an effort to make sure this process is transparent and promote meaningful conversations when we do come together, shareholders present on the 12th of October 2017, at the Aleut Village Conference discussed having resolutions due the 1st of October. By making sure resolutions are submitted early, we are then able to get them into your hands (at least electronically) so you can review them and be prepared to have a more thoughtful and meaningful discussion about them at the Aleut Village

Conference. For a blank resolutions form, please contact email info@aleutcorp.com or download from the www.aleutcorp.com/forms. Thank you for being patient with us as we work to implement this change.

– Aleut Village Conference Facilitators

BOARD MOTIONS

- Approved revisions to Policy 205.11, Inspection of Corporate Books.
- Approved revisions to Policy 201.2 Board Conduct.
- Directed the Policy Committee to review the Bylaws and the Articles of Incorporation.
- Approved Policy Committee's recommendation to place the Acquisition Philosophy as a board policy as number 205.33.
- Directed the Policy Committee to work with Management to review the Personnel Policies.
- Approved revisions to the Lands Committee Charter.
- Approved board members to attend the Substance Abuse Summit put on by Eastern Aleutian Tribes (EATS)
- Directed Management to investigate FEHB for the Board, extending to shareholders.
